- top quality, technically designed product - torsion stiffened case shells resist 'twisting'
- with polished and textured surface label area
- optional transparent lid provides perfect product visibility
- strong, 180 degree wide opening closures
- concealed hinges, sturdy, cleverly integrated feet
- special location points provide safe stacking and storage
- extremely adaptable to specific market or product requirements through miscellaneous colour combinations and various options of interior design – including profiled „egg-box“ or plain foam and die-cut foam inserts
- lids and bases can be custom-printed or embossed with brand name/logo (as required)

Availability

- lids/bases available in black and transparent from stock
- closures in black and red available from stock
- RC-PT 105: Lid with integrated closures - closure colour identical to lid colour
- available from stock with polished surface label area
- cover, base and closures in various colours or in transparent possible - please enquire

Standard Material

- Polypropylene (PP)

RoseCase ProTec

Article	inside dimensions	outside dimensions	box qty.
	W x H x D	W x H x D	
RC-PT 105 M	175 x 105 x 35	187 x 143 x 42	28
RC-PT 136 M	228 x 136 x 42	240 x 183 x 48	24
